clevelandclinic.org/vascularbasics

**Deadline to register is
Dec. 5, 2017.**

An integrated introduction to vascular access and the importance of the care and maintenance of vascular devices that are commonly placed in patients in hospital settings. This blended learning experience uses interactive lectures and hands-on skills stations, that include sterile dressing change for central line, blood sampling techniques, accessing and de-accessing an implantable vascular access device and review of central line removal.

Cleveland Clinic Enterprise is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.
